Supplementing the petition filed by Gustave Fricke, President of the Jersey City Retail Liquor Dealers Association, Mr. Fricke appeared before the Board with a delegation representing the association.

By Mr. Fricke: Mr, Mayor and Commissioners, at our business meeting we discussed this matter of time extension and the hardships which are hanging over us, the depression not having left us yet. The young men rule our association and they are in the majority and they see fit to ask for this extension of one hour and I have asked the leader of that group, Mr. Santaniello, to come here and speak for the matter. It is not alone the hour of closing we are interested in, but it is the limitation of licenses. It would be better than the one-hour extension of time. We have to fulfill the wishes of the young men.

By the Mayor: What other recommendation did you make?

Mr. Fricke: The limitation of licenses.

By the Mayor: Instead of being interested in the extension of the hour?

By Mr. Fricke: Yes, sir; stop issuing new licenses.

By the Mayor:

Q. That is your own thought?

A. It is backed up by the majority of the members.

Q. You are carrying out the wishes of your organization?

A. Yes sir. If the Commission sees fit to extend the one hour, it will be appreciated by the majority of our association.

Mr. Santaniello, a member of the association, stated that he believes Mr. Fricke covered the situation entirely and that the association will appreciate very much whatever the Commission will do for them.

By the Mayor: What is the reason for asking the extra hour?

By Mr. Santaniello: The trade in some of the sections of the city is very late.

Q. What trade is that?

A. Our patrons. (By Mr. Fricke.)

Q. After two o'clock.

A. Of course I don't know all, but there are some good people out at that hour of the night, in some sections of the city. At Journal Square there is night life. In general, I believe there is a demand for it.

Q. Who are the people who demand it? We have never been able to find out.

By Mr. Santaniello:

You take my place. I have seven printers who are working in New York. They don't get through until one or one-thirty in the morning. By the time they get over here it is two o'clock. By that time they go to Hoboken, Union City or some other place. I can name ten men who would be glad to come to my place of business if it was open.

By the Mayor:

Are you familiar with conditions before Prohibition?

A. Yes sir.

Q. I don't think so.

A. I have been in the liquor business since 1913.

Q. Do you remember the liquor traffic prior to Prohibition?

A. I do.

Q. They had all night licenses. They never closed.

A. That is right.

Q. Did the people approve or disapprove of that?

A. The average disapproved it.

Q. What do you say, Mr. Ficke?

A. They disapproved it.

Q. Did not every clergyman, minister, wives, protest against it. Wives and mothers appeared before me protesting against the keeping of their boys and husbands out all night. Do you want that condition again?

A. (By Mr. Santaniello): No, sir, we don't want that condition.

Q. I am discussing with you now my knowledge of the liquor traffic. Why should you induce anybody to stay out after two o'clock in the morning? Is it good for the working man or the man who has to go to business in the morning? I ask you Gus, is it the proper thing to do?

A. It is not. (By Mr. Ficke.)

Q. When it comes to two o'clock it is time for every man to be home in bed. He ought to be on his way home if he is to go to business in the morning. I think it is an error and a mistake for your industry to go ahead with that proposition. Your industry and the breweries in this country brought on Prohibition. We are going back to that. I think it is a mistake. What about the man and his family. Has that family no protection?

A. They should have.

Q. Why should he not be on his way home for a reasonable night's rest, so that he will be ready for work in the morning?

A. There are so many night workers, how big the percentage is, I don't know.

Q. I don't want to disagree with this young man. What this young man (Santaniello) requests is out.

A. Could I ask for a compromise for the extension on Friday and Saturday?

Q. No, sir, we will not permit that. If it is as you say, they are attracted to other cities to get liquor after two o'clock, their condition is so bad they need guardians to take care of them. That is not good for a man who has a home and family to take care of. You must consider that you are enjoying a privilege. We are granting you the privilege. It is a privilege, and it must not be abused. That privilege is not yours; it belongs to the people of this city. If you violate that privilege, by tolerating women and disreputable people, you are going to run into trouble with this Commission. I am not going to let other elements come in and override you. You, Mr. Fricke, have been conducting a respectable place, and I want everybody to operate in the same manner.

Mr. Santaniello stated that he has been taking his guidance from Mr. Fricke and is operating along the same lines.

By the Mayor: You will have no trouble if you do. You don't want these disreputable places in Jersey City. People don't want that. You don't want to keep your place open another hour if it is going to work a hardship on other people. I am fearful that we cannot consent to that application for extension of time. So far as the number of licenses are concerned, we may consider that. The only thing I am afraid of is that it might create a monopoly, buying up licenses and holding for large profits. There was a time when I knew beer agents who held as many as ten licenses.

By Mr. Fricke: I am not in favor of the brewery-owned tavern. I believe that forty per cent of the cities in this

State have adopted the limitation of licenses.

By the Mayor: It would be much better for us and Jersey City if there was half of the number of licenses. The great trouble is in issuing licenses under the ordinance and allowing three or four places on the one block. Some of those places are going to resort to means which will meet with our disapproval. That we would like to correct before we go ahead. The City Clerk now informs me that he is preparing for the new issue of the licenses and the applications advertised. I think what you should do is to write me a letter, setting forth in full all the details. I have conferred with the Commissioners during this hearing, and we don't think it would be for the best interests of the public to allow the extra hour on closing time.

On roll call the request for permission to extend the hour of closing one hour was denied by the following vote:

Yeas: Commissioners Fagen, McGovern, Potterton and Mayor Hague.

Nays: None.

By the Mayor:

Mr. Fricke, if you will send me a letter within two or three days, so that it can be considered before the issue of the new licenses, we will be glad to consider it and help you if we can. Personally I will be glad to help you, and the Commission feels the same way. Commissioner Fagen and myself are familiar with the conditions that existed before prohibition. We are concerned with the cornering of the licenses and disposing of them at a profit. Mr. Fricke has seen licenses disposed of for $1,500 and $2,000.

By Mr. Santaniello:

In limiting the licenses, I would say that it should not be allowed to grant any man more than two licenses.

By the Mayor:

You send me that letter and we will discuss it.

6. This ordinance shall take effect immediately upon passage and publication, in the manner provided by law.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote.

Adopted.

Yeas: Commissioners Fagen, McGovern, Potterton and Mayor Hague.

Nays: None.

At this time Mr. Gustave Fricke, representing the liquor dealers association appeared before the Board in connection with his petition previously filed concerning the limitation of the number of liquor licenses issued by Jersey City.

By the Mayor:

I talked with the Commission about your request. You requested that we should limit the licenses to 400 and that you would forward also a copy of an ordinance you wanted us to pass. I discussed the whole matter with the Commission and our opinion is that the ordinance cannot be passed in the form it is in. We have worked out this plan. There will be no further licenses granted. That the number of licenses now in Jersey City shall remain. As a license terminates or discontinues, it is out. There will be no further license granted in its place. The reason for that is that we don't want to deprive the power of this Commission with any license that we may in our judgment, think that in some particular section of Jersey City, should be granted. I don't think that request may ever arise. For instance, a building is to be constructed in Jersey City at a cost of two or three hundred thousand dollars and the owner of the building wants to know before he enters into a contract to build an office building or some other kind of building, that he will be privileged to have a tavern license. If the ordinance is passed, we are without power. Then again a license may be surrendered for justification. As to transfers, we feel we want to have that power vested in our Commission. For instance you are conducting a high class business. By some act that you are not responsible for or had nothing to do with, the business goes to smash or the neighborhood changes, and you wish to transfer that license to some other locality. You cannot do that under the proposed ordinance. We should have the right to do it. I think that with your interests in our hands, I think you will have the protection as though you had that ordinance. You can take our word for it. We are for the reduction of the licenses in number. We feel there are too many. We feel that three or four on one block are too many. There is bound to be carelessness. Where the opportunity presents itself, we should eliminate that condition. We have had that before and we are familiar with everything your group desires and we want to cooperate and we will. It is ruled now by this Commission that there will be no further licenses issued. Anyone holding a license at present may renew if properly passed upon, but after today every new license must be held.

By Mr. Fricke:

I will approve of it. I would not ask for the power to be taken away from the Commission. If the Commission passed this ordinance we should be satisfied if the amount of licenses are cut down to that figure.

By the Mayor:

We will do the same as your ordinance requires. We will do it our way. You can simply say you have accomplished what you have set out to accomplish. You have sold the idea to the Commission that the licenses from today on, after the period of renewals expires, will not be received. From time to time as the applicant passes out, there will be no substitution for them. We feel that where there is merit, we shall be permitted to grant the transfer. If an application comes in for a transfer and there are two saloons on the block, we are opposed to that. That is exactly in opposition to our idea. We feel that three saloons on a block is injurious not alone to yourself, but to the neighborhood. That is our rule. We cannot pass the ordinance. The moment we pass an ordinance, we are out. We still retain the right to pass on every question or transfer or new application. We assure you there will be no new applications granted in this City, other than there are some outstanding applications have a lot of merit. It may never be and it may be one in a year.

By Mr. Fricke:

I appreciate the action of the Commission and I think it will be a benefit to our whole city.

By Commissioner Fagen:

Whereas, The State Highway Commission has started construction of the extension of Route 1, Section 9, in Newark Bay, crossing the foot of Neptune Avenue, where the main sewer flows into Newark Bay, in consequence of which this sewer would be diked off and public nuisance created unless the sewer was extended westerly across the extension of Route 1, Section 9; and

Whereas, The State Highway Commission has signified that it would extend the sewer to the westerly line of Route 1, which would require the City to obtain riparian rights for this extension; and

Whereas, application has been made on behalf of the City to the State Board of Commerce and Navigation for such riparian rights and yearly rental for such rights. This would require a lease which, under the rules of said Commission, would be for a period of fifteen (15) years at an annual rental of $913.03, and convertible at the end of a period of five (5) years into a grant; therefore, be it

Resolved, That the Board of Commissioners approve of the entering into of said Lease by Jersey City, with the Board of Commerce and Navigation, and do hereby authorize said execution by the officials of the City, and the payment of the first instalment of $456.52, the instalments being payable on May 4th and November 4th of each succeeding year; and be it

Further resolved, That the City Clerk be and he is hereby authorized to draw a warrant on the City Treasurer in the amount of $456.52, being the first semi-annual payment of rent under said Lease.

Yeas: Commissioners Fagen, McGovern, Potterton and Mayor Hague.

Nays: None.

At this time Mr. Samuel Moskowitz, representing the Hudson and Bergen County Retail Liquor Stores Association appeared before the Board and requested that the Commission take the necessary action to limit the retail distribution licenses to seventy or seventy-five instead of permitting 130 or more, the number issued up to June 30th, 1936. He stated that it would insure the proper protection to the licensee and would benefit all concerned; that the Commission has ruled on limitation for the consumption type of license and that his organization feels the same policy should be adopted for the distributors.

Counsellor H. Silverstein appeared for the New Jersey Retail Package Stores Association, also the Combination Liquor Stores Association. He stated he was appearing in the absence of Counsellor John Meehan. He urged that the action taken by the Commission on the consumption licenses should be duplicated for the distributors.

Mr. Lutz, representing the delicatessen store and combination liquor stores, stated that his organization wants the limitation established.

Commissioner Potterton advised the speakers that the action of the Commission as outlined previously by the Mayor is along the lines they have spoken about; that the City of Jersey City cannot cancel existing licenses; that it is his opinion it is the Mayor's intention to place a limit on the distributor's type as well as the consumption licenses; that just as soon as licenses are forfeited, the Commission will carefully consider the license, whether or not it should be renewed; that the renewals for the coming year have fallen off fifty-nine for the consumption type and about five or six on the distributors; that the Commission wants the business to be on a proper plane and we want respectable business men in Jersey City to be fully protected; and if that can be accomplished by the number of licenses issued, it will be the policy of the Commission to so restrict them and he thinks that this is the idea the liquor dealers are trying to accomplish and that he has no hesitancy in stating that they will have the entire and sympathetic cooperation of the City Commission.

The delegation thanked the Commission for the courtesy and cooperation extended to them.

At this time Mr. Philip Hoffman appeared before the Board and stated that he is appearing for his son and his wife, owners of the Parker Liquor Stores, Incorporated, on Bergen Avenue, whose license was suspended this morning for a period of one week by the City Commission, for violations of the state beverage control act. He stated that if the store is closed, it will mean the ruination of the business and prevent the renewal of the license for the coming year; that they had no knowledge of the violations, having been in business only a short time; that the condition was remedied as soon as possible.

Commissioner Potterton stated that he understood the violations were discovered by inspectors from Commissioner Burnett's office and Mr. Hoffman replied that it was correct.

Commissioner Potterton then asked if the owners had been given a hearing before Acting Director Casey and Mr. Hoffman replied that it is true. He then asked Mr. Hoffman if he felt the owners received a fair hearing and he replied that was also correct.

Commissioner Potterton then asked Mr. Hoffman if there is any reason in his mind that Commissioner Casey was not fair in his decision and Mr. Hoffman replied that he thinks he was fair.

By Commissioner Potterton:

His decision was based on the facts presented at the hearing?

(a) By Mr. Hoffman:

Yes sir, We were not the only ones. You have seen it all over the city. We are the only ones charged with it. I think by closing us up for one week's time it will drive our trade away and put us out of business. All I ask is that the Commission give us a chance, a reprimand will do.

By Commissioner Potterton:

Personally, neither I, nor the other Commissioners are very familiar with the facts. I think that when I say to you for myself and I can speak equally that we have every confidence in Commissioner Casey's decisions and if the facts warranted it, his decision is proper. You have heard the previous speakers ask for the elevation of the liquor business and put it on a higher plain; that this can only be accomplished by proper enforcement of all rules and regulations.

By Mr. Hoffman:

These gentlemen had the very same signs as we did.

By Commissioner Potterton:

We are not discussing any other condition but yours. If the condition for which you are being disciplined exists in Jersey City in other stores, that will be taken care of as soon as they are reached and acted upon in the same way. I am sorry if you feel you are being hurt by this, but I say we have every confidence in Commissioner Casey and in his judgment.

By Mr. Hoffman:

It is simply a sign violation.

By Commissioner Potterton:

I am sorry Mr. Hoffman, I would like to help you but we don't see how we can.

By Commissioner Potterton:

Whereas the City Collector advises this Commission that he has been appointed Receiver ex officio for the hereinafter named property and desires, pursuant to Chapter 6 of the Laws of 1933 (First Special Session), to name the following as his Agents, with respect to said real property.

Therefore, be it resolved that the appointment of the following as Agent for the City Collector be, and the same is hereby approved, with respect to the following named property to wit: as per attached schedule.

Adopted.

Present: Commissioners Fagen, McGovern and Potterton.

Absent: Commissioner Wolfe and Mayor Hague (excused).

In the absence of the Mayor, Commissioner Potterton, Director of the Department of Revenue and Finance, presided.

RECEPTION OF BIDS

This time and place having been set and public notice advertised for the purpose of receiving proposals for the furnishing and delivering to the Department of Revenue and Finance, one accounting machine for posting installment accounts of taxes, tax title liens and assessments. The City Clerk read the notice of publication and then called for bids and the following was received:

ACCOUNTING MACHINE

National Cash Register Co., $2,825.00, Surety Bond.

On motion of Commissioner Fagan the reception of bids was ordered closed. The bid received was opened and read and referred to the General Purchasing Agent.

FRANCHISE HEARINGS

This time and place having been fixed by the Board of Commissioners and public notice advertised for the purpose of considering the final passage of the following ordinance:

"An ordinance granting permission to Charles F. Guyon, Inc., its successors and assigns, and the Central Railroad Company of New Jersey to construct, lay, maintain and operate a certain spur track or siding on and across Whiton Street, Jersey City."

The City Clerk read the public notice and ordinance and then called for anyone who might desire to be heard either in favor of or against the final passage of said ordinance. No one appeared either for or against the ordinance.

Commissioner Fagan moved that the hearing be adjourned and continued to the next meeting of the Board, because of the fact that no one appears for the ordinance.

Mr. Mulqueen appeared before the Board and stated that he is not here to speak in behalf of the ordinance, but merely to ask why it was adjourned.

Commissioner Potterton stated that there should be someone present to explain in detail just what the application and ordinance covers.

Commissioner Fagen stated that this action is the highest authority the Commission has, it is the use of city streets and the applicant is asking for a franchise; that no one appeared for it and the Commission adjourned the hearing rather than reject the application.

Thereupon Commissioner Fagan moved the adoption of the following resolution seconded by Commissioner McGovern and carried.

By Commissioner Fagen:

Resolved, That the hearing on the final passage of the following ordinance:

"An ordinance granting permission to Charles F. Guyon, Inc., its successors and assigns, and the Central Railroad Company of New Jersey to construct, lay, maintain and operate a certain spur track or siding on and across Whiton Street, Jersey City,"

By Commissioner Fagen:

Resolved, that the following ordinance do now pass:

An ordinance to amend an ordinance entitled, "An ordinance granting permission to The Pennsylvania Railroad Company, lessee of The United New Jersey Railroad and Canal Company, a corporation, and The Mengel Company, a corporation of the State of New Jersey, for said corporations and on behalf of their and each of their successors and assigns to construct or cause to be constructed and thereafter to lay, maintain and operate sidings, sidetracks or spur tracks at city legal grade to the land and buildings and into the lands of said corporation, The Mengel Company, to provide railroad and shipping facilities to the industrial plant of said corporation and to the lands adjacent thereto," adopted June 3rd, 1930.

WHEREAS, The Mengel Company has made application to the Board of Commissioners of Jersey City by petition to amend Section 6 of an ordinance entitled, "An Ordinance granting permission to The Pennsylvania Railroad Company, lessee of The United New Jersey Railroad and Canal Company, a corporation, and The Mengel Company, a corporation of the State of New Jersey, for said corporations and on behalf of their and each of their successors and assigns to construct or cause to be constructed and thereafter to lay, maintain and operate sidings, sidetracks or spur tracks at city legal grade to the land and buildings and into the lands of said corporation, The Mengel Company, to provide railroad and shipping facilities to the industrial plant of said corporation and to the lands adjacent thereto"; adopted June 3rd, 1930, which said section reads as follows:

Section 6. "No car or cars, or engine or engines, or train of cars shall be allowed to remain standing on said tracks within the boundaries of said streets or avenues for the purpose of loading or unloading of cars, or for any other purpose,"

so as to read as follows:

Section 6. "No car or cars, or engine or engines, or train of cars shall be allowed to remain standing on said tracks within the boundaries of said streets or avenues for the purpose of loading or unloading of cars or for any other purpose, excepting, however, cars shall be allowed to remain standing on such of said tracks as shall be constructed in Bancroft Avenue, adjacent to the said Mengel plant for the purpose of loading and unloading said cars."

And Whereas, it appears that the plant of The Mengel Company has long been unoccupied, and that it is necessary to induce a new industry to come to this city and to occupy the said plant, to make certain improvements to the property, and that the plant be equipped with railroad siding facilities that the tenant be permitted to load and unload cars from the said siding;

And The Pennsylvania Railroad Company, lessee of The United New Jersey Railroad and Canal Company, a corporation, having filed its consent, and the Board of Commissioners having duly advertised the same, and having held a public hearing for exceptions thereto, at which no one appeared to make objection to the petition asked for;

Therefore, the Board of Commissioners of Jersey City do ordain:

Section One—Section 6 of "An Ordinance granting permission to The Pennsylvania Railroad Company, lessee of The United New Jersey Railroad and Canal Company, a corporation, and The Mengel Company, a corporation of the State of New Jersey, for said corporations and on behalf of their and each of their successors and assigns to construct or cause to be constructed and thereafter to lay, maintain and operate sidings, sidetracks or spur tracks at city legal grade to the land and buildings and into the lands of said corporation, The Mengel Company, to provide railroad and shipping facilities to the industrial plant of said corporation and to the lands adjacent thereto," adopted June 3rd, 1930, be and the same is hereby amended to read as follows:

Section 6.—"No car of cars, or engine or engines, or train of cars shall be allowed to remain standing on said tracks within the boundaries of said streets or avenues for the purpose of loading or unloading of cars or for any other purpose, excepting, however, cars shall be allowed to remain standing on such of said tracks as shall be constructed in Bancroft Avenue, adjacent to the said Mengel plant for the purpose of loading and unloading said cars."

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote:

By Commissnoer Potterton:

Resolved, That the hearing on the final passage of the foregoing ordinance do now close.

By Commissioner Potterton:

Resolved, That the following ordinance do now pass:

An Ordinance authorizing the issuance of not exceeding $750,000 emergency relief bonds of the City of Jersey City.

The Board of Commissioners of the City of Jersey City do ordain as follows:

Section 1. Pursuant to Chapter 25 of the Laws of 1936 of New Jersey, there shall be issued negotiable bonds of the City of Jersey City, of an aggregate principal amount not exceeding Seven Hundred and Fifty Thousand Dollars ($750,000) to finance expenditures for the relief of the poor of said city, including the payment of the cost of the issuance of said bonds.

Section 2. The bonds to be issued pursuant to this ordinance shall bear interest at a rate which shall not exceed six per centum (6%) per annum, payable semi-annually, and shall be payable in not more than eight annual installments, commencing not more than one year from the date of said bonds. No annual installment shall exceed the amount of the smallest prior annual installment. Said bonds shall be of the denomination of One Thousand Dollars ($1,000) each and shall be sold in the manner and mode of procedure prescribed for the sale of bonds by the Local Bond Act.

Section 3. Each of said bonds shall be designated as an "Emergency Relief Bond." All matters not determined by this ordinance shall be determined by subsequent resolutions of the City Council.

Section 4. Said bonds shall be general obligations of said city and a tax sufficient in amount to pay the principal of and interest on said bonds shall be levied and collected by said city in the year in which the same shall become due. Each of said bonds shall contain a recital that it is issued pursuant to Chapter 25 of the Laws of 1936 of New Jersey.

Section 5. This ordinance shall take effect at the time and in the manner provided by law.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote:

Yeas: Commissioners Fagen, McGovern and Potterton.

Nays: None.

At this time Counsellor Harold Krieger appeared before the Board and in behalf of several merchants of this city, protested against the growing use of vending machines which he claimed are being installed in various stores and apartment houses. He stated that it is unfair competition to the merchant who has a large overhead and has to pay taxes; that the City of Irvington has now or is about to adopt an ordinance taxing these machines; that the machines are being installed by a foreign corporation and it should be stopped. He asked that an ordinance be adopted by the Board to regulate all kinds of machines of this type. He stated further that he did not prepare an ordinance, because he first wanted to ascertain what the attitude of the Commission was on such matters and unless it meets with the approval of the Corporation Counsel.

Commissioner Potterton suggested that Mr. Krieger bring in an ordinance showing just what is desired and then the Board will be in a position to take it up with the Corporation Counsel.

Mr. Krieger agreed to have such ordinance prepared for the next meeting of the Board.

FRANCHISE HEARINGS

Hearing on the final passage of the following ordinance:

"An Ordinance granting permission to Charles F. Guyon, Inc., its successors and assigns, and the Central Railroad Company of New Jersey to construct, lay, maintain and operate a certain spur track or siding on and across Whiton Street, Jersey City."

having been adjourned and continued to this time and place, the Acting City Clerk read the public notice and ordinance and then called for anyone who might desire to be heard concerning said ordinance.

Counsellor Mulqueen appeared for the application.

Commissioner Fagen advised the Board that since the last hearing he has made inquiry and ascertained that the company came here from Bergen County; that they have offices in several cities and the plant on Whiton Street would be used as a storage for pipe; that the Bergen County plant was inadequate and they moved to Whiton Street, in Jersey City; that he also inquired as to the reason for crossing Whiton Street when there is now a siding on the premises; that the application looks rather peculiar asking for another siding when there is one there at present; that because of existing conditions, he would move that the hearing be further continued to the next meeting of the Board.

By Commissioner Fagen:

Resolved, that the hearing on the final passage of the following ordinance:

"An Ordinance granting permission to Charles F. Guyon, Inc., its successors and assigns, and the Central Railroad Company of New Jersey to construct, lay, maintain and operate a certain spur track or siding on and across Whiton Street, Jersey City."

FRANCHISE HEARINGS

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance: "An ordinance to vacate certain portions of Lafayette Street and Garrabrant Street in the City of Jersey City, County of Hudson," the City Clerk read the public notice and ordinance and then called for anyone who might desire to protest against the final passage of the ordinance.

The following residents and property owners appeared: Mr. and Mrs. A. Sulinski, 37 Monitor Street; Anna Sawicki, 35 Monitor Street; Mrs. Lawlor, 42 Monitor Street; Mr. H. Rountree, 40 Monitor Street; Mrs. Dorward, owner of 29-29a-31 Monitor Street; Mrs. Sterling, 39 Monitor Street.

They stated that they did not want their property destroyed by taking any of the land or closing of the street.

Commissioner Fagen asked them if they understood what the ordinance covered and they replied that they did not understand it clearly, but wish to protect their interests.

Commissioner Fagen advised them that it is an application of the owner of old type foundry; that Garrabrant Street had been vacated some years ago when the type foundry was put up there; to enable them to have a siding for their property that will run against the Lehigh Valley Railroad; that Garrabrant Street is part of the old farms and it was never opened; that it is a question whether it is a street; that on some maps it was called South Street; it stopped at Johnston Avenue and down to Communipaw Avenue, it was South Street; that Lafayette Street was also part of the Lowery Farm; that he is familiar with the property in that section, having been born in that section; that Lafayette Street was vacated years ago; that the type foundry went out of existence; that they owned three houses on Monitor Street and sold them, referring to one of two maps of Lafayette; that they obtained their title on one map and sold on another map; that one map it showed Lafayette Street opened, but not dedicated, the other, Garrabrant Street was vacated, but by putting in their deeds selling these three houses, they mentioned the wrong map and the title company refused the title because it had, in their opinion, revised the street by referring to map that shows Lafayette Street as a street and they had a right to refer to the Van Horne map and not the Lafayette map; that the petition and ordinance will not alter the adjoining property owners rights as they have them now; that it merely confirms what they have now; that if this ordinance passes, there will be no changes whatsoever in the streets up there or present conditions, absolutely none; that it leaves everything the same way; that it is all done to straighten out the title.

Mr. Rountree stated that the ordinance mentions the vacation of sixty feet, which means that they would have to take their houses off the street.

Commissioner Potterton advised that it is just a matter of record; that the title will be cleared up in accordance with the need as refers to this particular property; that the property owners have nothing to worry about at all in so far as it refers to their property; that it will have no effect on their property and will be just to correct the record.

The City Clerk then called for any one who might desire to be heard further. No one appearing to be heard Commissioner Fagen moved that the hearing on the foregoing ordinance be closed. Seconded by Commissioner McGovern and carried.

Commissioner Fagen then moved the final passage of the following ordinance: Seconded by Commissioner McGovern and carried.

He stated that the merchants he is representing strongly oppose these machines selling cigarettes, candy, etc., because it seriously affects their business. He stated that they are opposed to the use of the machines altogether.

The Mayor advised him that it was a very serious question and that the matter of gambling machines is covered by the Crimes Act; that any proposed ordinance may open the door to a situation that will be beyond the control of the Commission and the press and the people may not quite understand our motives; that neighboring cities tried such regulation and got into all sorts of trouble.

After discussion the Mayor directed Mr. Krieger to consult with Acting Director Casey of the Department of Public Safety for the purpose of dis- remedy to help the merchants who cussing the situation and a possible are protesting.

Mr. Krieger agreed to leave the matter with the Commission and consult with Director Casey.

STATE OF NEW JERSEY FINANCIAL ASSISTANCE COMMISSION

RESOLUTION FOR CONTINUOUS ASSISTANCE

of

CITY OF JERSEY CITY

in the County of

HUDSON

By Commissioner McGovern:

Whereas, the responsibility of providing relief of various kinds in so far as it must be done out of public funds is the responsibility and function of Municipal Government, and

Whereas, the City of Jersey City in the County of Hudson in the State of New Jersey finds itself unable to entirely meet such responsibility because of its loss of revenue through the falling off of tax payments and the failure of other sources of income and the inability of the municipality to further reduce its operating expenses,

And whereas, funds have been made available by the State Legislature to the State Financial Assistance Commission to be used by it in supplementing the relief given by such municipalities as are financially unable to adequately provide such relief.

Now, therefore, be it resolved by the Mayor and Board of Commissioners of the City of Jersey City in the County of Hudson in the State of New Jersey, that application is hereby made to the State Director of the Commission for continuous month-to-month financial aid to assist in the administration of their relief program; such assistance to be a reimbursement in part of expenditures in payment of relief commitments for the months of July through December, 1936. The municipality agrees that the amount of the reimbursement shall be the total amount of such relief expenditures in each month (excluding those for administration) less such amount as the Commission shall determine by their published "Uniform Formula for Calculating Apportionment of Financial Assistance Funds" to be the municipality's share.

And further, the aforesaid municipality declares that it has been receiving assistance from the State Emergency Relief Administration some time during the first four months of the calendar year 1936 and that it has paid any indebtedness or balance due the said administration, that it conducts a humane but economical relief program, keeps a separate bank account for relief funds and pays out of that account only for relief, keeps accurate records of relief commitments and expenditures, will render reports as may be required and generally agree to the policies and regulations of the Commission. (Completed Questionnaire No. 2 must be attached to this Resolution.)

And be it further resolved, that two copies of this Resolution be sent to the State Director of the State Financial Assistance Commission for approval and presentation to the Commission.

OFFICE OF THE MAYOR
September 19, 1936.

Hon. Eugene Ertle,
City Clerk, City Hall,
Jersey City, N. J.

Dear Sir:

You will please arrange for a special meeting of the Board of City Commissioners of the City of Jersey City, to be held at the Mayor's Office, City Hall, Jersey City, N. J., Monday morning, September 21, at 10 o'clock, to prepare a program for the reception of President Franklin D. Roosevelt and make all other necessary arrangements for the laying of the cornerstone of the addition to the Jersey City Medical Center, and for the purpose of considering such other matters as may properly come before the Board of Commissioners.

Very truly yours,
(s) FRANK HAGUE,
Mayor.

The City Clerk then read the following notice sent to each member of the Commission:

CITY CLERK'S OFFICE
September 19, 1936.

Dear Sir:

This is to advise you that the Mayor has called a special meeting of the Board of Commissioners of the City of Jersey City, to be held at the Mayor's Office, City Hall, Jersey City, N. J., Monday morning, September 21, 1936, at 10 o'clock, to prepare a program for the reception of President Roosevelt and make all other necessary arrangements for the laying of the cornerstone of the addition to the Jersey City Medical Center, and for the purpose of considering such other matters as may properly come before the Board of Commissioners.

Very truly yours,
(s) EUGENE ERTLE,
City Clerk.

Following roll call and the reading of the notices, the Mayor declared the meeting open and directed the City Clerk to proceed with the matters before the Board.

The Mayor addressed the Commission stating that this time and place had been fixed for the purpose of declaring a legal holiday for Friday, October 2, 1936, by a series of proclamations to be issued in the daily newspapers by the Mayor at his discretion; that in these proclamations it is his intention to call upon the citizens of the City to honor our great President, the Honarable Franklin D. Roosevelt, upon his visit to the Medical Center, where he will lay the cornerstone for the new building on Friday, October 2, 1936, between the hours of 10 A. M. and 12 noon; that it is also the Mayor's intention to call upon industry to excuse employees if possible, to do honor to our President along the line of march and then if necessary, have them return to their employment. He also stated that the President will lay the cornerstone of the new building at the Medical Center, which is being constructed under Works Progress Administration, Project No. 1075R.

The Mayor then appointed the following committee to take charge of the arrangements: Commissioner Potterton, Chairman; Commissioner McGovern, Acting Deputy Director Daniel Casey, Alexander Sullivan, President of the Board of Education, and Thomas Duff of the Board of Education.

The Mayor advised that he had authorized this Committee to communicate with the Superintendent of the Diocesan Schools to respectfully request that their school children be excused on that day to participate in the ceremonies.

The Mayor suggested that United States A. Harry Moore be selected as Chairman of the Dedication Exercises and the Board of Commissioners approved the selection. Senator Moore will introduce the President, and will also arrange to meet him upon his arrival and accompany him and his staff through the line of march to the Medical Center. The Mayor advised that Senator Moore has accepted this honor and is only too pleased to co-operate. Senator Moore, in connection with these exercises, will deliver an address on hospitalization as we know it in Jersey City and it's future, and will invite all the residents of Jersey City and the surrounding municipalities to be present and pay tribute to this great man.

Commissioner Potterton moved that the recommendations and suggestions by the Mayor be concurred in. Seconded by Commissioner McGovern and carried.

Whereas, the Board of Commissioners has heretofore authorized the issuance of the bonds described in the following Notice of Sale, and it is necessary to make provision for the sale of said bonds: Now, therefore,

Be it resolved, by the Board of Commissioners of the City of Jersey City, that the City Comptroller be and he hereby is authorized and directed to publish a notice of the sale of said bonds, in the form hereinafter prescribed, in The Daily Bond Buyer (a publication carrying municipal bond notices and devoted primarily to the subject of state and municipal bonds, published in New York City) and in the Jersey Journal, a newspaper published in the City of Jersey City.

Further resolved, that said Notice of Sale shall be in substantially the following form:

NOTICE OF SALE

$750,000 Emergency Relief Bonds
$700,000 City Hospital Bonds
$100,000 Playground Bonds
of the City of Jersey City, New Jersey.

Sealed proposals will be received by the City Comptroller of the City of Jersey City, at his office in the City Hall, Jersey City, New Jersey, on Tuesday, November 17, 1936, at 11 o'clock, a. m., when they will be publicly opened, for the purchase of the following three issues of bonds of the City of Jersey City, viz.:

(1) $750,000 Emergency Relief Bonds, dated November 1, 1936, bearing interest payable semi-annually on May 1st and November 1st, and maturing serially, $100,000 of bonds on November 1st in each of the years 1937 to 1943, inclusive, and $50,000 of bonds on November 1, 1944;

(2) $700,000 City Hospital Bonds, dated October 1, 1935, bearing interest payable semi-annually on April 1st and October 1st, and maturing serially, $25,000 of bonds on October 1st in each of the years 1938 to 1965, inclusive; and

(3) $100,000 Playground Bonds, dated January 1, 1936, bearing interest payable semi-annually on January 1st and July 1st, and maturing serially, $5,000 of bonds on January 1st in each of the years 1937 to 1956, inclusive.

The bonds are of the denomination of $1,000 each, and are coupon bonds, registerable at the option of the holder as to principal or as to both principal and interest, and are payable in lawful money of the United States of America at the office of the City Treasurer in Jersey City.

The price for which the bonds may be sold cannot exceed $1,551,000 and cannot be less than $1,550,000. If the bidder offers to accept less than all of the bonds, the bonds to be accepted must be those first maturing.

Bidders may name a single rate, or different rates of interest for the different issues of bonds. Each rate named must be a multiple of one-quarter of one per centum, and must not exceed four per centum per annum. Bidders need not name a single rate for all of the bonds of any one issue. All of the issues will be awarded to the bidder on whose bid the total loan may be made at the lowest net cost to the City. Such net cost will be computed (as to each bid) by adding to the principal amount of the bonds which the bidder offers to accept, the total interest which will be paid under the terms of the bid, after deducting from such interest the amount of cash premium offered by the bidder.

Bidders, in submitting their bids, must use the bidding forms, which will be furnished by the undersigned upon request. The right is reserved to reject any or all bids. In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of payment of the purchase price.

Proposals should be addressed to the City Comptroller, City Hall, Jersey City, New Jersey, and enclosed in a sealed envelope marked on the outside, "Proposal for Bonds," and must be accompanied by a certified or cashier's or treasurer's check for $31,000, drawn upon a bank or trust company, for such amount, to the order of the City of Jersey City, to secure the City from any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York City, that the bonds are valid and binding obligations of the City of Jersey City. The bonds will be prepared under the supervision of The Trust Company of New Jersey, which will certify as to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of Jersey City.

Dated, October 20, 1936.

RAYMOND M. GREER,
City Comptroller.

Further Resolved that said City Comptroller be and he hereby is authorized and directed to receive sealed proposals for said bonds and to sell said bonds pursuant to and in accordance with said Notice of Sale.

By Commissioner Potterton:

Whereas, at all times herein mentioned, the Delaware, Lackawanna & Western Railroad Company, a corporation of the Commonwealth of Pennsylvania, was the owner of certain premises located in the City of Jersey City and known and designated on the assessment map of Jersey City, as Lot A-3, in Block 332, which premises were used and assessed as Second Class Railroad Property; and

Whereas, prior to the enactment of Chapter 280 of the Laws of 1906, all Second Class Railroad Property in the State of New Jersey was assessed by the State Board of Tax Assessors, and the tax thereon collected by the State; and

Whereas, by virtue of Chapter 280 of the Laws of 1906, the assessment of Second Class Railroad Property in New Jersey was transferred to the municipality in which the property was located, and the Tax Assessor of the City of Jersey City pursuant to said act, assessed the property aforesaid and collected the taxes thereon for the years of 1906 and 1907; and

Whereas, in January, 1908, said Chapter 280 of the Laws of 1906 as aforesaid, was by a decision of the Court of Errors and Appeals of New Jersey declared unconstitutional (75 N.J.L. 771), and on March 4, 1908, said act was repealed by Chapter 6 of the Laws of 1908, under the provisions of which the assessment of Second Class Railroad Property was again vested in the State Board of Tax Assessors; and

Whereas, the City of Jersey City thereafter erroneously assessed said premises for taxation for the years 1908, 1909 and 1910 regardless of the fact that the said premises were assessed for taxation for the same years by the State Board of Tax Assessors, pursuant to the act aforesaid; and

Whereas, on January 10, 1936, the City Collector of Jersey City, pursuant to an act entitled "Tax Sale Revision," P.L. 1918, page 883, sold the aforesaid premises for the taxes erroneously levied and assessed as aforesaid, together with interest and costs as follows:

Year	Tax	Interest to July 1, 1935	Total
1908	$771.20	$1,448.09	$2,219.29
1909	750.80	1,357.96	2,108.76
1910	792.00	1,376.65	2,168.65

Total	$6,496.70
Interest, July 1, 1935 to Jan. 10, 1936	$274.82
Costs	6.00
	$6,777.52

There being no bidders at the sale, the premises were sold to the City of Jersey City for the amount due, subject to redemption at 8 per cent, and the City Collector issued therefor a tax sale certificate No. 4,138; and

Whereas, there was in fact nothing due to the City of Jersey City under the illegal assessment aforesaid and the sale of the premises by the City Collector was without legal justification; therefore, be it

Resolved, That the sale of the said premises for the taxes levied and assessed against the said premises for the years 1908, 1909 and 1910, together with interest and costs as aforesaid, be and the same hereby is cancelled; and

Be it further resoved, That the City Collector be and he hereby is authorized and directed to cancel said certificate, and satisfy the same of record; and

Be it further resolved, That the taxes levied and assessed against said premises as aforesaid, for the years 1908, 1909 and 1910, together with interest and costs, be and the same are hereby cancelled and the City Collector is hereby authorized and directed to cancel the same on the tax duplicate of the City of Jersey City.

Resolved, That the following ordinance do now pass:

An Ordinance granting permission to Erie Railroad Company to lay and maintain a private spur track or siding across Covert Street and St. Pauls Avenue in the City of Jersey City, County of Hudson, and State of New Jersey.

Whereas, Erie Railroad Company made application to the Board of Commissioners of the City of Jersey City by written petition for permission to lay and maintain a private spur track or siding across Covert Street and St. Pauls Avenue in Jersey City aforesaid, said petition having annexed thereto and made a part thereof, a plan showing the proposed location of said spur track or siding, and said Board of Commissioners having duly advertised the same and having held a public hearing for objections thereto; and

Whereas, no reason appears why said permission should not be granted;

Therefore, the Board of Commissioners of Jersey City do ordain:

Section 1. Permission is hereby granted to Erie Railroad Company to lay, maintain and operate a private spur track or siding of standard gauge over and across Covert Street and St. Pauls Avenue in the City of Jersey City, County of Hudson, and State of New Jersey, more particularly described as follows:

Beginning at a point in an existing side track known as Number One and distant 246.5 feet from point of switch of track Number One, thence extending in a southerly direction to the westerly line of Covert Street at a point 48 feet north of the intersection of Covert Street and St. Pauls Avenue, thence extending across Covert Street to the northerly street line of St. Pauls Avenue, thence continuing across St. Pauls Avenue and underneath the New Jersey State Highway Viaduct to the property of the American Can Company, thence continuing in a southerly direction to the end at a point distant 355 feet from the point of beginning.

Section 2. The rails hereby authorized to be laid shall be of standard gauge and shall be laid at the grade of said streets in such manner as to offer the least inconvenience to the traveling public and any operation and maintenance hereunder shall, during the entire period of life of this ordinance, be subject to regulation by the properly constituted City authorities. The beneficiary shall protect and repair at its own cost and expense any and all municipal property that may be injured by the construction, maintenance and operation hereby authorized, but the municipal authorities shall have the right at any time to enter upon the roadway traversed by said tracks to examine, repair, relocate and install any municipal property.

Section 4. The ordinance granting this privilege shall be of full force and effect for a period of twenty years, but no work of construction shall be begun thereunder until an acceptance of this ordinance shall have been filed with this Board.

Section 5. Failure by the beneficiary under this ordinance to comply with any of the obligations or requirements expressed or implied in any section hereof shall constitute sufficient reason for the amending or revoking hereof and the subsequent removal of any tracks laid under the provisions hereof without recourse by said beneficiary for damage of any character.

Section 6. Said Erie Railroad Company shall file an acceptance of the terms of this ordinance as aforesaid, and in case of failure to do so all rights and privileges hereby granted shall cease and be at an end.

Section 7. In accepting the privilege of this ordinance and the operating and maintenance hereby authorized, the beneficiary hereunder hereby agrees to assume full, complete and undivided responsibility for any and all injury or damage to persons or property by reason of such operation, and to hold the City harmless therefrom.

Section 8. In case the City shall, during the life of this ordinance, change the legal grade of any or all of said streets, the beneficiary thereunder shall waive any right to damage to its railroad track and structures caused by said change.

Received and recommendations concurred in.

From Director Wolfe, recommending suspension for thirty days of the liquor license granted to Joseph Lullo, 352 First Street, for violation of Section 48 of the Alcoholic Beverage Control Act.

Received and recommendations concurred in.

In connection with the foregoing report on Joseph Lullo, Counsellor John Meehan appeared before the Board and stated that while he does not wish to contest the action of the Commission on the thirty-day suspension, he does feel that the suspension should be held in abeyance until after the first of the year; that Mr. Lullo is a family man with a large family of children.

The Mayor advised Mr. Meehan that it is the State Commissioner's request and he has in writing requested that the order be carried out; that if he can persuade the State Commissioner to concur in the postponement, it will be agreeable with the Commission here; that the City Commission does not wish to conflict with the State Commissioner; that the State Commission has been very fair with the City in all matters and we must cooperate with the Commissioner; that if we did not cooperate, it would be misconstrued throughout the State that we are not in accord with the State regulations; that this case is as he understands it, a complaint of liquor on the premises which was not up to standard, and not fit for human consumption; that it is up to the Commission to see that the public gets what it is entitled to and to see that the liquor is fit for human consumption and is not poison; that there are two things the City Commission is going to be drastic on, one is running a disorderly place and the other for selling poisonous liquor.

Mr. Meehan stated that he can do it by operation of the law, if it is agreeable to the Commission, he can file an appeal and it will automatically stay the findings of the City Commission.

The Mayor in conclusion advised Mr. Meehan to take the matter up with the Law Department and if it is agreeable to them, it will meet with the approval of the Commission.

At this time Mr. Joseph Quinn of 402 New York Avenue, Union City, N. J., appeared before the Board and stated that he is the President of the Central Labor Union of Hudson County.

By Mr. Quinn:

Mr. Mayor and Commissioners: I am President of the Central Labor Union. A complaint comes up before us every meeting relative to the picketing in Jersey City; that picketing is forbidden. We would like to try and eliminate this thing.

By the Mayor:

Now, Mr. Quinn, we have never had

any trouble with you folks as to strikes or labor troubles. We always try and adjust them, whereby the men would get better conditions and better futures. All our trouble is this group coming from New York. Probably you could explain this. The moment a concern comes over here, they follow them over here, this Communistic crowd. I have never known you to be mixed up with them. We cannot permit that, and you don't want us to permit that. You don't want to be involved with that Communistic element. I have investigated from the Chief of Police. I want to know. Chief Walsh tells me he has no trouble with you at all. As far as the American Federation of Labor, we have no trouble. If there is any controversy over strikes, we immediately go into it and settle it. This picketing was never known before, with their sandwich signs on the street. We are not opposed to the American Federation of Labor in their strike controversies. What we are disturbed about is the groups coming from New York and disturbing the people. My knowledge from the Chief is that they are a Communistic group. I will go any distance to cooperate, as far as the working man and laboring man is concerned in this city. I am 100 percent for them. But this new question has been brought in, and I know you will never stand for it. As far as any labor controversies are concerned, any time you want the Mayor of your city to go with you to adjust any such controveries with your employers, I will go with you and help at any time, but I cannot adjust any matters that involve this Communistic group. We have many idle people; we want to go with them. Now, over here, across the street, there is a legitimate bakery, nothing at all to do with labor. Somebody went in there threatening trouble. They wanted them to take all those employees and join the union. The owner said he cannot do anything like that. He is an honest and industrious business man. You don't want that.

By Mr. Quinn:

We have 48 different locals.

By the Mayor:

But there are some elements getting into those units that do not believe as you believe. I will do anything that you want me to do. I am fair with labor and we want to be fair with organized labor, but I cannot permit this group who appeared before Vice Chancellor Fielder. There will be no Communistic gatherings in this city as long as I am here. They are not going to come in here and destroy the peace and quietness in this city. I am talking about the Communistic party. I don't connect you with that party, and I hope the day never comes when I see you in it. If you will sit down and discuss it with Chief Walsh and Commissioner Casey, as long as this long-haired crowd is kept out of the picture, I will go along with you on anything that is fair for the working man of Jersey City. I have never left him. If I had any quarrels with the leaders, it was because they were unfair to the workers.

By Mr. Quinn:

I am very well satisfied.

By the Mayor:

You will find Chief Walsh and Commissioner Casey will cooperate with you 100 per cent, but please don't bring that crowd in, because if you do there will be war between the city officials and labor. One of them can make more noise than any body of men. I am with you and any other conscientious labor leaders who are for the interests of their men.

By Mr. Quinn:

I am satisfied to go back to my body and give them your stand.

By the Mayor:

You can say you have entree to my office at any time you want.

By Mr. Quinn:

Commissioner Casey has always been very fair any time I needed him, and Chief Walsh has always cooperated.

By the Mayor:

It is within your family, Mr. Quinn, and you know what is going on. This never happened before. For twenty-five years I have seen a peaceful body of men. This has only come up the past few years.

By Mr. Quinn:

I know that North Bergen is overrun with sweatshops.

By the Mayor:

This Commission and myself are not going to bring in this child labor and one dollar a week labor, not with my consent. They are not going to make slaves out of the people. That has been my attitude and is still my attitude. We are not going to tolerate that type of slavery. You can rest assured that this Commission will stand all four on that question. I want the properties utilized and want the properties rented. That type of labor or conditions would not be renting them. That would be only placing hardships on the people. The day is coming when those people will pay honest, decent wages to the people and give them the proper kind of conditions.

At this time Counsellor A. Miller appeared before the Board. He stated that he is appearing as the attorney for the Pacific Parlor Furniture Company of 180 Whiton Street; that there was perfect agreement between the owners and their employees until four of the New Yorkers failed to report for work and did not state what they wanted; that the four New Yorkers were replaced by four Jersey City employees; that there is no strike, but allegedly union business agents have called on the owners in their attempts to examine records and browbeat the employees into joining the union; that the plant has to be policed twenty-four hours a day, and there is no strike; that one of the employees was knifed and the matter is now before the Court; that they are using unfair means to try and drive this man out of business.

The Mayor asked if it was possible that some of his competitors were getting this group to drive him out of business, and Mr. Miller replied that such was not the case. The Mayor then asked if that has not been a common thing? Mr. Miller replied that it has been; that they have different tactics of doing business; that they have tried to have this man boycotted; that there is no way of getting at these people, because they are out of our jurisdiction.

By the Mayor:

I see no reason for keeping a police officer there for twenty-four hours daily. The thing for us to do is, the moment we apprehend somebody is to let them know they are in Jersey City. If there is any further trouble, we would like you to contact the Chief of Police immediately.

L. 1934; and

Whereas, the City Commission of the City of Jersey City has anticipated revenues from the Jersey City Medical Center in the 1937 budget $231,849.30 in excess of actual cash collections for the calendar year of 1936; this increase is anticipated because of the fact that the amount charged and paid by the County of Hudson in the amount of $250,000.00 for certain supplies and services rendered by Jersey City's Medical Center and included in the budget of the City of Jersey City to certain buildings owned and operated by the County of Hudson. The County of Hudson having built a number of new buildings which will be in operation during the year 1937 and having requested that Jersey City's Medical Center furnish them with certain services and supplies jointly with the city-owned portion of the Medical Center in a like manner as heretofore, the City Commission of the City of Jersey City caused to be made a complete survey, setting forth among other things the amount that should be charged for such additional services to be furnished by us. A complete report covering this increase among other things was filed with the Board of Chosen Freeholders, and it was agreed between the City Commission of the City of Jersey City and the Board of Chosen Freeholders of the County of Hudson that the additional amount to be paid for these services and supplies should be $250,000.00 for the year 1937. Therefore, the amount to become due to the City of Jersey City for the year of 1937 shall be $500,000.00 in place of $250,000.00 which was charged for the year of 1936. The said $500,000.00 has been included in the county budget as an expense, said county budget having been approved on January 20, 1937; and

Whereas, the City Commission has anticipated revenues from gross receipts taxes in the 1937 budget $248,210.38 in excess of the actual cash collections for the calendar year of 1936, in accordance with the circular letter of Walter R. Darby, State Auditor, dated December 29, 1936, and computed by using the lowest certification of gross receipts taxes for the years 1932 to 1936, inclusive, namely, the year 1933, in which the certification was in the amount of $374,006.98, and deducting therefrom the actual cash collections during 1936 of gross receipts taxes, viz., $125,796.60; and

Whereas, the provisions of Chapter 60, P. L. 1934, direct that permission be requested in the form of a resolution of the Commission to the State Auditor for permission to use the special items of revenue mentioned above in support of the 1937 budget; now, therefore,

Be it resolved, That the City Commission of the City of Jersey City does hereby request from the State Auditor that they be permitted to make the transfers as indicated above, and to use the special items of revenue in support of the 1937 budget.

REPORTS OF DIRECTORS

From Director Wolfe, recommending suspension of license C-295, Dimytro Sydlar, 192 Grand Street, for violation Section 48, Alcoholic Beverage Control Act, for period of seven (7) days from 6 A.M. March 8th and ending at 6 A.M. March 15th, 1937.

Received and recommendations concurred in.

From Directer Wolfe, recommending granting of plenary retail distribution license to Eagle Liquor Stores, Inc., 178 Newark Avenue, Jersey City, N. J.

Received and recommendations concurred in.

In connection with the foregoing report, Counsellor S. Moskowitz appeared before the Board in opposition to the granting of said license.

Counsellor L. Brenner appeared for the application.

By Mr. Moskowitz:

We have no quarrel with the character of the people involved. If they are legally entitled to this, the license should be granted. Insofar as the landlord or landlady is concerned, she just testified. There was no cross examination because she was an elderly woman and quite excited. Invariably when a landlord appears in a hearing of this kind, they state that they will lose their property and have large taxes. They never take into consideration whether these people are legally entitled to a license. They have just one interest involved and that is to rent the store. I would like to call the attention of the Commissioners to this application. There is a Mrs. Adler of 320 Fairmount Avenue, who invested Eight Hundred Dollars and owns 47 percent of the stock. Her husband is engaged at the present time in the paper business. She is a housewife and is either related to Mr. Rosenfeld or is a very good friend. From her testimony it seems to me that she is just holding stock in order that Mr. Rosenfeld could obtain this license which he could never obtain if he applied as an individual. If you would take the time to read the entire testimony you would see that this woman is just a dummy for Mr. Rosenfeld. The next director is a Mr. Julius Fogelson who owns 45 percent of the stock and invested Seven Hundred Dollars. He testified that he was a sign painter and was either related or a very good friend. In my opinion he is also aiding Mr. Rosenfeld to get the license. Mr. Rosenfeld lives at 885 University Place, New York City, and owns 8 percent of the stock of this corporation and invested two hundred dollars according to the testimony. In his testimony he testified that he wanted to purchase a certain store on the Hudson Boulevard, Jersey City, and at the time he wanted to make the purchase he did not mention anything about these other two people. It seems strange that in all the applicaions I have examined not only in Jersey City, the person from out of town owns less than ten percent of the stock. Our law was passed to protect "New Jersey residents. I would ask that the application be denied on the following grounds because the application discloses that Mr. Rosenfeld owns 8 percent of the stock when as a matter of fact if you will divide the stock, you will find Mr. Rosenfeld owns 11¾ percent of the stock instead of 8 percent. For this reason this application is defective. Second, by Mr. Rosenfelds' own testimony, he admitted he spoke to Mr. Goldfarb and wanted to purchase the store for himself.

By the Mayor:

You say by law, we should reject it?

A. On the grounds that anyone owning more than ten percent of the capital stock of a corporation must qualify as an individual applicant.

Q. They have not met that?

A. In his application he has stated that he owns 8 percent of the stock, but dividing the stock shows he owns 11¾ percent of the stock.

By the Mayor:

There is a very serious side in this question as to the woman. Commissioner Casey informs us that this woman has this property and it is the only means of livelihood. This property was rented and then vacated by some interference from somebody. If this lady is involved and that is her only income, I would never vote to rescind that application. I presume she is like many other people in that position who are trying to hold their property. If this is a corporation coming in here and they are illegally presenting their application and they are not on sound principles or ground and not in compliance with the statute, it is a different picture. Here is this poor old lady, she is not here to defend herself. I presume she does not understand the picture. The protection of her interests is very important to me. I will hesitate before I vote against this old lady. I want her to rent her property and I would like to help her and I don't know who she is.

By Mr. Moskowitz:

We certainly would like her to rent her property, but if this application is illegal, I don't think you and the other members of the board would vote for it.

By the Mayor:

I would be tempted to do a lot of things to help any poor old persons. I think you are in a bad spot with me. I don't know about my colleagues. I will investigate the matter. I want to talk with this lady and ascertain all the facts and to see if somebody has just been imposing on her. You are going to have a difficult time with me to deny this application if her circumstances are poor. You said you were not here to injure this lady. I admire you for that.

By N. Louis Paladeau:

I am representing the City. Mr. Moskowitz has been a persistent objector to any liquor license at the hearings.

By the Mayor:

This man is engaged by the liquor dealers and appears for them.

By Mr. Paladeau:

Mr. Mayor, it should be realized that Commissioner Casey would not permit the application to come before the Commission without investigation as to it's legal aspect. I would like also to bring to your attention, Mr. Mayor, that Mr. Goldfarb his only witness, his objection was that these people did not buy his place.

By Counsellor Brenner:

Mr. Moskowitz has admonished the Commission to look below the surface and not to take the surface report. That is my theory, also. Mr. Moskowitz has presented only that which is favorable to him. He has not ascertained how much money these people have invested and how much stock they have subscribed for. When his objections were filed, I had to instruct my clients not to put any more money into the corporation until the matter was decided.

By the Mayor:

We will go into the matter and will investigate further. I am opposed to continuing this much longer. The matter is in Commissioner Casey's hands and he has investigated and knows all the circumstances surrounding it. We have heard the arguments here today and Commissioner Casey has heard these arguments. Because of his familiarity with the case, we are going to accept his recommendation after we have conferred with him. It will be decided within a day or two.

The report was then referred to Miscellaneous Business for further action.

ALTERATION HEARINGS

This time and place having been set and public notice advertised for the purpose of considering the applications of:

International Harvester Company, sign, 480 Tonnele Avenue.

The City Clerk read the notice of publication and then called for anyone who might desire to object against the granting of said permission. No one appeared to protest and no written protests were received.

By Commissioner McGovern for Mayor Hague:

Resolved, That application of the International Harvester Company for permission to erect sign projecting eight feet beyond building line at 480 Tonnele Avenue, be approved as per plans on file, same having been duly advertised accordingly to law and no protestants appearing. This permission is granted with the understanding that said sign will comply with all sign ordinances.

Adopted.

Yeas: Commissioners Fagen, McGovern, and Mayor Hague.

Nays: None.

At this time Mr. Leon Salz of 235 Central Avenue appeared before the Board with a delegation of Central Avenue merchants. They protested against the opening of an ice cream store within three doors from Mr. Salz' property. Mr. Salz stated that last year this same individual opened a store and remained only about four months and then vacated; that the owner told Captain Jennings he held a year's lease on the premises but could not remain because the landlord wanted to increase the rent; that if he held a year's lease, the landlord could not ask for more money; that Captain Jennings summoned the owner and read the fly-by-night ordinance to him; that this man had a store in Bayonne and Hoboken and did the same thing; that they have also learned this man had a store for about two months to sell Christmas cards around the holiday season; that this practice is unfair to the established business men of the City, who pay their taxes year after year.

The Mayor stated that he and the Commissioners are desirous of helping the merchants, but they must be sure of their case, should the individual take the matter into court; that the Commission does not want such merchants here; that the Commission contemplated the regulation of all business establishments some time ago by an ordinance and fixing a one dollar annual fee; that the business men appeared before the Board and objected; that this measure was only to protect the legitimate business men.

In conclusion the Mayor directed the delegation to confer with Acting Deputy Casey and Counsellor Charles Rooney of the Law Department.

On motion of Commissioner McGovern, seconded and carried, the reception of bids was ordered closed, the bids received opened and read, and referred to the General Purchasing Agent, for investigation and report.

At this time Mr. Samuel Fialk, of

841 Newark Avenue, appeared before the Board with a delegation of business men and residents of that vicinity. He stated that they represent the business men of the West Newark Avenue section, the Marion section and some of the residents; that the Tonnele Avenue bridge has been closed to all traffic including foot traffic; that this constitutes a danger; that the children attending No. 23 School, the Parochial School and Dickinson High School have to go across the tracks at West Side Avenue which the Pennsylvania R. R. Company attempted to close some time ago on account of it being dangerous to foot traffic; that with Tonnele Avenue completely blocked off, it is practically impossible for the businessmen to do business.

By the Mayor:

You are talking of foot traffic?

A. Yes sir, automobile traffic can drive out of the way. There are only two ways to get through there. You know the condition of the railroad tracks. At the time the children are crossing there is the rush hour and the trains are running the heaviest, or they can go back of Loew's theatre, which is not a public trespass. The reason we are here so soon is because we are all interested parties from the point of business. Up to 3 o'clock business was normal in the stores and after that it only requires one man in the store to take care of the rest of the day's business. We are asking to see if it cannot be opened up to foot traffic.

By the Mayor:

I can see that it is a matter that has to be attended to immediately, it is a very serious condition to close that traffic four months and endanger the children. The children going to West Side Avenue instead of the Boulevard, I am afraid we are going to have some children killed. Something has to be done, even if it is a temporary wooden structure to carry them across. There is not a parallel case in the City where you could close one street and compel the people to go half a mile to where they want to go in two minutes. It is only about fifty steps and they have to go half a mile.

(The Mayor then asked the delegation to wait until the County Engineer is summoned.)

Shortly thereafter, County Engineer Frank Radigan and Freeholder Wm. Heffron, a resident of the vicinity in question appeared before the Commission.

The Mayor explained the situation to Mr. Radigan and Mr. Heffron and stated that there is a great deal of merit in their argument because of the danger to the children attending school in that vicinity and the loss to the business men. He then asked Mr. Radigan if there was any way that the County could build a structure to carry the people without interfering with the construction of the new bridge.

Mr. Radigan stated that Mr. Heffron had taken the matter up with him this morning and they took it up with the Pennsylvania Railroad officials immediately; that there is a high voltage wire and third rail located there; that this makes it impossible to build a temporary structure unless it is built substantially; that they have made a preliminary estimate of the cost but did not want to do anything until they discussed the matter with the contractors; that the compensation and insurance would be very high.

The Mayor stated that it is a condition where something must be done; that if there was a parallel street one or two blocks away there would be no trouble but here you have only a dangerous crossing; that the children would not go the safest way, but would take the short cut.

Mr. Heffron stated that the safety of the children attending four schools in the area, is involved.

Mr. Radigan stated that the contract is with the State Highway Department and not with the County and is being paid for out of Federal Funds.

The Mayor stated that we must ask the County to protect these people; that the County made application for the new bridge. Mr. Radigan replied that we must have the co-operation of the Pennsylvania Railroad Company, the State Highway Department and the Federal authorities.

The Mayor then stated in conclusion that he feels confident Mr. Radigan and Mr. Heffron will be able to secure some sort of relief for the people in that area, and suggested that they keep in touch with Mr. Heffron who will report to them just what progress is being made.

Mr Fialk, for the delegation, thanked the Commission for their co-operation and stated that he would not go any further and would keep in touch with Mr. Heffron.

Whereas, The responsibility of providing relief of various kinds insofar as it must be done out of public funds is primarily the responsibility and function of Municipal Government, and

Now, therefore, be it resolved by the Mayor and Board of Commissioners of the City of Jersey City in the County of Hudson in the State of New Jersey, that application is hereby made to the State Director of the Commission for continuous month-to-month financial aid to assist in the administration of their relief program; such assistance to be a reimbursement in whole or in part of expenditures in payment of relief commitments made during the calendar year 1937. The municipality agrees that the amount of the reimbursement shall be the total of such monthly expenditures (excluding those for administration) less such amount as the Commission shall determine by their published "Uniform Formula for Calculating Apportionment of Financial Assistance Funds" to be the municipality's share.

Whereas, The following described premises have been dedicated for some time past as a public thoroughfare in the City of Jersey City; and

Whereas, The aforesaid property is no longer necessary as a public thoroughfare and the public interests would be better served by releasing said lands from such dedication; now, therefore, be it ordained by the Board of Commissioners of the City of Jersey City:

Section 1. That "all that portion of 15th Street, as shown on the official assessment map of Jersey City, made by L. D. Fowler, 1894, as lies between the westerly line of Coles Street and the easterly line of Monmouth Street, the same being 400 feet in length and 60 feet in width throughout," is hereby vacated and the public rights and duties arising from the dedication of the foregoing described property as a public street, are hereby released and extinguished.

Section 2. This ordinance shall take effect immediately and in the manner provided by law.

Section 3. All the costs and expenses incident to the introduction, passage and publication of this ordinance shall be paid by the applicants.

Reserving and retaining, however, in the City of Jersey City, the right to maintain the sewer running through 15th Street in its present location, with the right of access thereto by the City, and with the easement of repairing, rebuilding and maintaining said sewer in its present location in said street until such time as the owners of the abutting property shall notify the City of Jersey City, in writing, to relocate said sewer in 16th Street from Monmouth Street to Coles Street, and in Coles Street to 15th Street, when the said City of Jersey City shall be required to relocate the said sewer as aforesaid, and any and all rights, easements or privileges of the City of Jersey City, or of the public in the said lands hereby vacated shall thereupon wholly cease and determine, and in the event of its relocation at the request of the abutting owner, in consideration of the mutual benefits and advantages to the City of Jersey City and the abutting owner, the said abutting owner shall pay to the City of Jersey City the sum of $10,000, and no more, toward the expense of relocating said sewer regardless of the actual cost thereof. Said $10,000 shall be paid by the abutting owner to the City of Jersey City within ninety (90) days from the date of notice in writing to the City to the effect that the abutting owner desires the said sewer relocated, or ninety (90) days from the date the City so advises the abutting owner that it intends to relocate said sewer. The City of Jersey City shall commence relocating said sewer within ninety (90) days from the date notice of said relocation shall be sent to the City of Jersey City by the abutting owner or within ninety (90) days from the time the said City of Jersey City advises the abutting owner that it intends to relocate said sewer, and the said City of Jersey City shall proceed with the said relocation with reasonable diligence and without interruption until the same is completed.

It is also agreed that while the sewer remains in the vacated portion of 15th Street, the abutting owner will be limited to a one-story structure over said sewer; however, if said sewer is relocated or is abandoned, the abutting owner will have the right to construct a building of any size consistent with the Building Code of the City of Jersey City.

As a condition precedent to the taking effect of this ordinance, the owner of the abutting property shall cause to be installed, at its expense, a six-inch connection to the present twelve-inch water main in 15th Street at the intersection of Coles Street, togeher with necessary meter and meter vault, in accordance with plan to be approved by the Director of the Department of Public Works.

Upon meeting the above conditions, that portion of the twelve-inch water main remaining in the vacated portion of 15th Street would become the property of the abutting owner.

The Board of Commissioners of the City of Jersey City do ordain:

Section 1.—Permission is hereby granted to the Continental Can Co., Inc., its successors and assigns, and the Erie Railroad Company, to construct, lay, maintain and operate four (4) road spur tracks, in the locations shown upon the blue print map annexed to and made part of the petition of the Continental Can Co., Inc., and the Erie Railroad Company, and filed in the office of the City Clerk, and more particularly designated as follows:

Said spur tracks to be laid in accordance with plan attached hereto filed with the City Clerk, entitled "Typical plan showing method of construction over sewer pipes at intersection of Monmouth and Fifteenth Streets, prepared by James Henderson, Chief Engineer, dated February 1st, 1937, approved Michael I. Fagen, Director, Department of Public Works, dated February 1, 1937."

Section 2.—That said spur tracks shall be constructed and laid, in a substantial manner, in accordance with said plan under the direction and supervision of the Chief Engineer.

Section 3.—The rails hereby authorized to be laid shall be of a pattern to be approved by this Board, and shall be laid at the grade of said street in such manner as to offer the least inconvenience to the traveling public, and any operation and maintenance hereunder shall, during the entire period and life of this ordinance be subject to regulation by the properly constituted City authorities. Section 6.—In acepting the privileges of this ordinance and the operation and maintenance herein authorized the beneficiaries thereby agree to assume full, complete and undivided responsibilities for any and all injuries or damages to persons or property by reason of such operation and maintenance, and to hold the city harmless therefrom.

ALTERATION HEARINGS

This time and place having been set and public notice advertised for the purpose of considering the applications of

Charles Egan, roof sign, 2854-6 Hudson Boulevard.

The City Clerk read the notice of publication and then called for anyone who might desire to protest against the granting of said permission. No one appeared to protest and no written protests were received.

By Mayor Hague:

Resolved,That application of Charles Egan, Owner, and O'Mealia Outdoor Advertising Co., lessee, for permission to erect roof sign at 2854 Boulevard, Jersey City, be approved as per plans on file, same having been duly advertised according to law and no protestants appearing. This permission is granted with the understanding that said sign will comply with all sign ordinances and that plans filed and work done will conform to all building department rules and requirements.

Adopted.

Yeas: Commissioners Fagen, McGovern, Potterton and Mayor Hague.
Nays: None.

At this time Counsellor Harold Krieger, appeared before the Board and stated that the Italian Bakers of Jersey City have requested that he appear before the Board and present a proposed ordinance to eliminate "home-making" which is unsanitary; that the Italian dealers sell flour to the people who make the bread dough and bring it to the baker for baking and then it mixes with the other dough to be baked, making it a very unsanitary condition.

The Mayor asked Mr. Krieger if passing such an ordinance would bring the people down to protest and he replied that the Italian bakers want this ordinance passed.

The Mayor then advised Mr. Krieger that the customary action on such cases is to send the proposed ordinance to the Law Department for an opinion as to the legal form of such ordinance.

Thereupon, on motion of the Mayor, seconded and carried, the matter was referred to the Corporation Counsel for an opinion as to its legality and form of ordinance.

Counsellor Moskowitz appeared before the Board at this time in reference to the ordinance providing for liquor license limitation.

The Mayor stated that he feels the regulation is going to be helpful, but the question is how to proceed without creating any trouble. He suggested that because of the expiration date of the present licenses, June 30, 1937, being so close, it may be more practical to wait for the new issue on July 1, 1937.

Mr. Moskowitz stated that under the present act an ordinance would be necessary; that if we wait until July 1, the renewals will be coming in and it will be impossible to limit them after that time; that they are not asking to put anyone out of business who is now engaged in that line; that they are asking to stop the issue of new licenses; that we have over eight hundred licenses now; that they submitted an ordinance to cover the consumption license and the exclusive package stores; that the regulation would be a good thing for the City and good for the people in the business; that some of the papers have come out and stated that it is time to call a halt on the promiscuous issuance of licenses; that this condition does not confine itself to Jersey City only, but in other localities and six or seven liquor stores are located within a block; that perhaps under the original alcoholic act, the dealers got off on the wrong foot, but be that as it may, it is here and something has got to be done along the lines of limitation; that with an approximate population of 300,000, there is one liquor store to every 400; that statistics show forty percent of the population under twenty-one years of age, then you have one license to every 260 people, in actual figures; that while some people might say it is monopolistic, he would say that in certain cases, monopoly might be a good thing; that some states have taken over the issuing of licenses for liquor stores, but they don't take over the butcher shops and other stores.

The Mayor stated that there is only one thing disturbing the Commission; that after the regulation is set in motion, some person comes in with an application and says my property has been idle five years and here is an opportunity to save my property. How can we approach that?

Mr. Moskowitz replied that the ordinance provided for transfers.

The Mayor then asked if an owner decided to go out of business, would it be possible to transfer or sell to someone else. Mr. Moskowitz replied that it could be done, but if anyone surrenders his license and goes out of business, he is through.

The Mayor stated that Commissioner Fagen has suggested that perhaps there might be one thousand applicants on July 1st because of the little touch of prosperity coming along and the total might go higher than the present 800.

Mr. Moskowitz replied that the men involved in that business today are barely making a living and in most cases are not making any profit; that the clergymen are for limitation and the men in the trade are for it.

The Mayor then directed the City Clerk to introduce the proposed ordinance in the minutes of today's meeting and then refer the matter to the Corporation Counsel for opinion as to legality and form of ordinance.

Although in poor health for a year prior to his death, he never lessened his interest in the Department under his supervision. His services as Director of Public Safety were outstanding; as head of the Police and Fire Departments he enforced discipline with kindliness and maintained and increased the efficiency of these splendid departments. He had a keen intellect, a sturdy and steadfast courage, and was a leader of men. In every position he occupied he manifested the same high devotion to duty which marked all his public activities. He was a worker for the people and spared no effort to serve a friend. He was genial, warmhearted, loyal, helpful and sympathetic, and his death, which comes to us his former colleagues with a deep sense of personal loss, will be mourned by all classes of the community.
